## EDUCATION

SOUTHERN NEW HAMPSHIRE UNIVERSITY  
BS, GAME PROGRAMMING AND DEVELOPMENT  
GPA: 3.967

Manchester, NH  
Expected May 2027

## TECHNICAL SKILLS

**Software:** Unity Engine, Godot Engine, Visual Studio Code, Blender, Krita, Aseprite, Audacity  
**Skills:** C#, GDScript, C++, Object-Oriented Programming

## HIGHLIGHTED PROJECT EXPERIENCE

- Versatile Dialogue System in Unity Engine that I have taken advantage of in several other projects
- An almost entirely accurate re-creation of the title "Five Nights at Freddy's" in Unity Engine with my own art

## RELATED EXPERIENCE

- Inkwell Interactive Studio at SNHU, Manchester, NH September 2025
- Worked with a large team on a game project
  - Tracked tasks and collaborated with tools like Notion and Miro
  - Worked on a game project over the course of several months
- 48 Hour Megamix Game Jam at SNHU, Manchester, NH February 2025
- Achieved first place alongside two teammates
  - Designed and developed a split-screen player versus player game
  - Used Unity Engine with C# to build the game
  - Designed and developed art assets in Blender and Krita
- 48 Hour Game Jam at SNHU, Manchester, NH November 2025
- Achieved first place alongside four teammates
  - Designed and developed a singleplayer interactive fiction game
  - Implemented a narrative with different endings based on player choice
  - Used Unity Engine with C# to build the game

## WORK EXPERIENCE

- Southern New Hampshire University Manchester, NH  
Tutor – Game Programming and Game Design October 2025 – Present
- Working with students at drop-in tutoring on several game programming and game design courses
  - Adapt to the unique needs of each student to figure out how to best support them
- Michaels Stores, Inc. Manchester, NH  
Replenishment Team Member June 2025 - September 2025
- Proactively engaged in assisting other team members with additional assignments as needed to ensure products are properly displayed on the sales floor
  - Adapted quickly and learned new skills in organization and inventory management systems
- UPS Northeast Logistics Center Londonderry, NH  
Parts Kitter (Temporary) June 2024 - September 2024
- Collaborate with team members to complete tasks while fostering a fun and positive work environment
  - Rapidly improved spatial reasoning and organization skills to efficiently assemble part kits
  - Developed a strong ability to follow procedures and adhere to safety practices
